RE: South Carolina Electric & Gas Company
Request for Approval of Contract for Electric Service with Bridgestone/Firestone
South Carolina Company

Dear Mr. Terreni:

Pursuant to 26 S.C. Code Ann. Regs. 103-303, South Carolina Electric & Gas Company ("SCE&G" or "Company") hereby files and seeks approval of a Contract for Electric Service ("Contract") between SCE&G and Bridgestone/Firestone South Carolina Company. ("Bridgestone"). Bridgestone owns and operates certain facilities located in Aiken, South Carolina. The Contract governs the Company's electric service to Bridgestone's facilities in Aiken and will expire on January 12, 2014, subject to any extensions of the term of the Contract.

Due to the commercial sensitivity and proprietary nature of certain provisions of this Contract as well as the highly competitive nature of the industry in which Bridgestone operates, the Company and Bridgestone respectfully request that the Public Service Commission of South Carolina ("Commission") find that the Contract contains protected information and issue a protective order barring the disclosure of this agreement under the Freedom of Information Act, S.C. Code Ann. §§ 30-4-10 *et seq.*, 26 S.C. Code Ann. Regs. 103-804(S)(1), or any other provision of law. Pursuant to S.C. Code Ann. Regs. 103-804(S)(2), the determination of whether a document may be exempt from disclosure is within the Commission's discretion. Such a ruling in this instance would be consistent with the Commission's prior ruling in Docket No. 1999-109-E, approving the original contract between SCE&G and Bridgestone and finding the original contract to be confidential and issuing a protective order barring the disclosure of this information. See Commission Order No. 1999-181 issued in Docket No. 1999-109-E.

To this end, and in accordance with Commission Order No. 2005-226, dated May 6, 2005, in Docket No. 2005-83-A, we enclose with this letter a redacted version of the Contract that protects from disclosure the sensitive, proprietary and commercially valuable information, while making available for public viewing non-protected information. We also enclose a copy of the unredacted Contract and respectfully request that, in the event that anyone should seek

(Continued . . .)

The Honorable Charles Terreni
January 22, 2009
Page 2

disclosure of this unredacted Contract, the Commission notify SCE&G of such request and provide it with an opportunity to obtain an order from this Commission or a court of competent jurisdiction protecting the Contract from disclosure.

Enclosed are the following:

- (1) A true and correct copy of the original Contract in a sealed envelope marked "CONFIDENTIAL." Each page of the Contract is also marked "CONFIDENTIAL."
- (2) Ten copies of a redacted copy of the Contract for filing and public disclosure.

By copy of this letter, we are providing the South Carolina Office of Regulatory Staff ("ORS") with a redacted copy of the Contract for its records. Additionally, SCE&G will make the original, unredacted copy of the Contract available to ORS for its review.

Thank you for your assistance and consideration of this matter. If you have any questions, please do not hesitate to contact us at your convenience.

Very truly yours,

K. Chad Burgess

<i>[Signature]</i>

I. GENERAL

This Contract is being executed between South Carolina Electric & Gas Company and Bridgestone/Firestone South Carolina Company for and on behalf of themselves, their successors and assigns, and supersedes the "Contract/Agreement for Electric Service" (Contract Number E3599002) between said parties dated January 12, 1999, and all other previous oral or written contracts/agreements covering the same services.

II. SPECIAL CONDITIONS

Coincidental Peak Billing: The monthly billing shall be on one account, based on the arithmetic sum of energy, and the coincidental peak demand as recorded at the 2 metering points during each billing period.

Additional Facilities at Premises Served: If Customer expands the Premises Served under this agreement by building any additional facilities at the Service Address during the term of this agreement, Customer agrees to make all reasonable efforts for those facilities to be served through the Central Energy Plant (the current point of service for the Premises Served), to the extent Company can provide the service required.

Regulatory Approval

Company and Customer hereby agree to keep the terms of this Contract confidential. The Customer agrees to support the Company in its request to the SC Public Service Commission to file this Contract under seal. This Contract is subject to the approval of the Commission, and any and all provisions herein are subject to change by orders of the Commission.

For Customer

DFK

For Company

STANDARD CONDITIONS

Supply and Use: Company agrees to sell and Customer agrees to buy from Company all purchased electric energy, capacity, related transmission services and any related distribution services required by Customer for use on its premises. Resale by Customer of energy, capacity, related transmission or related distribution services is not permitted.

Creditworthiness: Company, in order to satisfy itself of the ability of the Customer to meet its obligations under the contract may conduct periodic reasonable credit reviews in accordance with standard commercial practices. Customer agrees to assist in these reviews by providing financial information and at the request of the Company, will maintain such credit support or surety including but not limited to, an unconditional and irrevocable letter of credit to provide adequate security for protection against the risk of nonpayment.

Service Application, Deposit and Release: Prior to receiving service, Customer or its Agent must: (a) Ensure that an application for service is made to Company, either in person at one of Company's commercial offices or through the Company representative coordinating the service arrangements; (b) Post a service deposit with Company (as determined by Company in accordance with S.C. Public Service Commission regulations), unless waived by Company in favor of other satisfactory assurance for payment of bills; and (c) Ensure that any inspections required by governmental authorities having jurisdiction are completed and notice thereof is given to the Company.

Commencement of New Service: Company and Customer shall make every reasonable effort to have their respective facilities ready for service by the Service Date stated on Page 1. If conditions should change, the affected party shall immediately notify the other.

Assignment: Neither Party shall assign this Agreement or its rights hereunder without the prior written consent of the other Party, which consent may be withheld in the exercise of its sole discretion.

Term: This Contract shall commence on the **Effective Date** (the date on which this contract is fully executed) and shall continue for the full **Initial Term**, unless an early termination is mutually agreed upon. Thereafter, it will extend automatically until terminated by either party giving the other a written **Minimum Termination Notice**. Billing for service rendered hereunder shall commence on the **Service Date** (the date customer contracts for service under the tariff applicable to this contract) or the date that service is first made available, whichever is later, or in accordance with terms stated under **Special Provisions**.

Termination: Should Customer terminate this contract and disconnect service for any reason, either during the initial term or any extension thereof unless waived as provided for herein, Customer shall pay to the Company a facilities termination charge equal to (a) the total installed cost of facilities dedicated solely for serving Customer, (b) less any Customer contribution to construction, (c) less accumulated depreciation of the facilities funded by Company, (d) less salvage value of all facilities dedicated solely for serving Customer, (e) plus the cost of removal (including any associated environmental investigation/remediation costs related to a spill or release of hazardous substances caused by Customer or those paid or incurred by the Company which were not the result of negligence on the part of the Company), all as determined by Company in accordance with its standard accounting practices; provided, however, that the termination charge shall not be less than zero. Customers who terminate prior to the expiration of the initial term or any extension thereof may also be required to pay to Company a demand termination charge equal to 90% of the maximum demand set during the term times the demand rate in effect at the time of termination times the number of months remaining in the contract period.

Approval Initials

For Customer

For Company

Company may waive a portion or all of the termination charges where (1) a successor contract is executed prior to termination of this Contract, or (2) Customer is able to furnish Company with satisfactory evidence that a successor customer will occupy the premises within a reasonable time and contract for substantially the same service facilities. If deregulation should occur during the term of this contract, the above demand termination charge, after deregulation, will be determined by appropriate governing authority(ies) rules at that time. The termination charges above shall not preclude additional termination charges approved by the SCPSC or imposed by law.

Impaired Service: Customer shall be responsible for installing and maintaining on its system such protective equipment as necessary for protecting its equipment from single phase conditions, momentary interruptions or voltage fluctuations arising from conditions on its system or from Company's supply lines. Customer shall not operate its equipment of such nature and in such manner as to impose voltage flicker, surges, or harmonics on Company's system that adversely affects the Company's system or its service to other Customers. Adverse conditions verifiable as of Customer origin shall be corrected promptly by Customer or upon Notice Company may discontinue service until the conditions are corrected. Customer agrees to keep Company equipment unencumbered and accessible at all times.

Load Increase: If Customer contemplates a load increase which may exceed the **Maximum Capacity** stated on Page 1, Customer shall give Company written notice of planned increase, with sufficient lead time for Company to enlarge its facilities. In such cases this Contract may be amended by mutual consent of the parties to reflect any changes in the service characteristics, applicable charges or conditions of service.

Facility Relocation: Should Customer request Company to relocate any of its facilities, or take any action which will require Company to relocate its facilities, Customer shall reimburse Company for the costs incurred.

Hold Harmless: Company and Customer do respectively assume full responsibility for the maintenance and operation of the facilities owned and/or operated by each, and each shall indemnify and except as hereafter limited, shall hold the other harmless from any loss resulting from bodily injury (including death) or damage of property arising directly or indirectly out of any negligent or willful act or failure to act on the indemnitor's part in the installation, maintenance, operation, replacement and/or removal of the facilities owned and operated by each. Neither party shall be liable to the other in any event, whether in contract, tort or otherwise, for any loss of revenue, profits, use of production, costs of capital or purchased or replacement power, interest, business interruption, claims of customers or any other incidental, indirect or consequential damages of any nature whatsoever. Customer(s) acknowledge(s) the presence of overhead and/or underground power lines and understands that contact with them could cause serious injury or death.

South Carolina Public Service Commission: This Contract, the **Billing Rate** referenced on Page 1, and all services rendered hereunder, are subject to the Company's "General Terms and Conditions" as approved by the Commission, and to the "Rules and Regulations" of the Commission, as the foregoing now exist or may be amended in the manner prescribed by law. The billing Rate and General Terms and Conditions are attached and made a part hereof; Rules and Regulations are made a part by reference and are available upon request. This contract is specifically intended to survive deregulation or retail access.

Bold Print Terms: Bold Print terms reference the corresponding completed blanks on Page 1.

South Carolina Electric & Gas Company**Electric
(Page 1 of 8)****GENERAL TERMS AND CONDITIONS****I. GENERAL****A. FOREWORD**

1. In contemplation of the mutual protection of both South Carolina Electric & Gas Company and its Customers and for the purpose of rendering an impartial and more satisfactory service, the General Terms and Conditions of the Company are hereby set forth and filed with the Public Service Commission of South Carolina, which has jurisdiction over public utilities, so as to read as hereinafter set forth; the same being incorporated by reference in each contract or agreement for service.
2. These Terms and Conditions are supplementary to the Rules and Regulations issued by the Public Service Commission of South Carolina covering the operation of electric utilities in the State of South Carolina.
3. These Terms and Conditions may be supplemented for specific Customers by contract.
4. South Carolina Electric & Gas Company is referred to herein as "Company", and the user or prospective user is referred to as "Customer". The Public Service Commission of South Carolina is referred to as "Commission".

B. Application

Provisions of these Terms and Conditions apply to all persons, partnerships, corporations or others designated as Customers who are lawfully receiving electric service from Company under the prescribed Rate Schedules or contracts filed with the Commission. Receipt of service shall constitute a contract between Customers and the Company. No contract may be transferred without the written consent of the Company.

C. Term of Service

The rates prescribed by the Commission are based upon the supply of service to each individual Customer for a period of not less than one year, except as otherwise specifically provided under the terms of the particular Rate Schedule or contract covering such service.

D. Terms and Conditions

The Terms and Conditions contained herein are a part of every contract for service entered into by the Company and govern all classes of service where applicable unless specifically modified as a provision or provisions contained in a particular Rate Schedule or contract.

E. Selection of Appropriate Rate

Where two or more Rate Schedules are available, the Company will attempt to assist the Customer to a reasonable extent in determining which Schedule to select. The Company may allow a buildup period not to exceed six months for new and expanding accounts during which time the contract demand and/or minimum demand specified in the Rate Schedule may be waived. It is the responsibility of the Customer to select the Rate and the Company will not assume responsibility for the choice.

F. Temporary Service

Temporary or seasonal service will be furnished under the appropriate General Service Rate Schedule to any Customer. Temporary service shall include all construction services having a life expectancy of one year or less. Payment is required in advance for the full cost of erecting and removing all lines, transformers, and other service facilities necessary for the supply of such service.

G. Statements by Agents

No representative of the Company has authority to modify any Rule of the Commission, provisions of Rate Schedules or to bind the Company by any promise or representation contrary thereto.

South Carolina Electric & Gas Company**Electric
(Page 2 of 8)****II. DEFINITIONS**

Except where the context otherwise indicates another or different meaning or intent, the following terms are intended and used and shall be construed to have meanings as follows:

- A. "Day" shall mean period of twenty-four (24) consecutive hours beginning at 12 o'clock Midnight Eastern Time or at such other hours as may be designated.
- B. "Month" or "Billing Month" shall mean the period between any two (2) regular readings of Company's meters which shall not be less than twenty-eight (28) days or more than thirty-four (34) days.
- C. "Year", unless otherwise designated, shall mean a period of 365 days commencing with the day of first delivery of electricity hereunder, and each 365 days thereafter except that in a year having a date of February 29, such year shall consist of 366 days.
- D. "Premises" shall mean home, apartment, dwelling unit, shop, factory, business location (including signs and water and sewage pumps), church, or other building or structure which shelters the Customer for his individual or collective occupancy where all services may be taken from a single connection.
- E. "Service Point" or "Point of Interconnection" shall mean the point at which Company's and Customer's conductors are connected.
- F. "Standard Service" means a single service per premises from one electrical source and from existing overhead facilities.

III. CONDITIONS OF SERVICE**A. GENERAL**

The Customer shall consult with and furnish to the Company such information as the Company may require to determine the availability of the Company's Service at a particular location before proceeding with plans for any new or additional electric loads. No new or additional electric loads will be served if it is determined that such service will jeopardize service to existing Customers. Failure to give notice of additions or changes in load or location shall render the Customer liable for any damage to the meters or other apparatus and equipment of the Company, the Customer and/or other Customers caused by the additional load or changed installation.

B. Character of Service

Electric energy supplied by the Company shall be standard alternating current at a frequency of approximately 60 hertz and shall be delivered only at voltages and phases as specified by the Company.

C. Rights-of-Way

The Company shall not be required to extend its distribution and service facilities, for the purpose of rendering electric service to the Customer until satisfactory rights-of-way, easements or permits have been obtained from governmental agencies and property owners, at the Customer's expense to permit the installation, operation, and maintenance of the Company's lines and facilities. The Customer, in requesting or accepting service, thereby grants the Company without charge necessary rights-of-way and trimming and clearing privileges for its facilities along, across, and under property controlled by the Customer to the extent that such rights-of-way and trimming and clearing privileges for its facilities along, across, and under property controlled by the Customer are required, necessary or convenient to enable Company to supply service to the Customer and the Customer also grants the Company the right to continue to extend the Company's facilities on, across, or under property controlled by the customer with necessary trimming and clearing rights to serve other Customers. Customer shall maintain such right-of-way so as to grant Company continued access to its facilities by Company's vehicles and other power-operated equipment.

South Carolina Electric & Gas Company**Electric
(Page 3 of 8)****D. Customer's Installation**

Customer's service installations shall be made in accordance with these General Terms and Conditions, Specifications for Service and Meter Installations, existing provisions of the National Electrical Code, the Regulations of the National Board of Fire Underwriters and such other regulations as may be promulgated from time to time by any municipal bureau or other governmental agency having jurisdiction over the Customer's installation or premises.

Customer's wiring and equipment must be installed and maintained in accordance with the requirements of the local, municipal, state, and federal authorities, and the Customer shall keep in good and safe repair and condition such wiring and equipment on Customer's side of the service point exclusive of Company's metering facilities and equipment.

Customer's service entrance requirements shall be stipulated in the Electric Service and Meter Installations Manual, and other manuals published by the Company and approved by the Commission.

Before wiring a premise or purchasing equipment, the Customers shall give the Company notice and shall ascertain from the Company the character of service available at such premises. The Company may specify the voltage and phase of the electricity to be furnished, the location of the meter, and the point where the service connection shall be made.

Customer's service entrance requirements shall be stipulated in the Electric Service and Meter Installations Manual, and other manuals published by the company and approved by the Commission.

It is the standard practice of the Company to provide all requirements of service for the Customer through a single metering point at each premises.

Where more than one service is required by the Customer, and requested services meet all applicable code requirements the Company will provide such additional service upon payment by the Customer to the Company of the charges above the first service. Each service point shall be a separate account. No new service will be connected without proper release from the inspecting authority having jurisdiction. Should there be no inspecting authority in the jurisdiction, the Company shall determine whether or not applicable codes are met and shall have no obligation to provide service until such time as they are met.

Customer shall furnish at his sole expense any special facilities necessary to meet his particular requirements for service at other than the standard conditions specified under the provision of the applicable Rate Schedule. The Customer shall also provide protection for Customer's equipment from conditions beyond the Company's control including, but not limited to, protective devices for single-phase conditions. The Customer shall also provide a suitable place, foundation and housing where, in the judgment of the Company, it is deemed necessary to install transformers, regulators, control or protective equipment on the Customer's premise.

All equipment supplied by the Company shall remain its exclusive property and Company shall have the right to remove the same from the premises of Customer at any time after termination of service for any cause.

Should Customer elect, for any reason, to request relocation of Company's facilities or take any action, which requires such relocation, customer may be required to reimburse the Company for all costs as a result of such relocation. Company may relocate existing service and facilities, at Company's expense, when necessary for system design or operation and maintenance requirements.

The Customer shall be responsible for the protection and safekeeping of the equipment and facilities of the Company while on the Customer's premises and shall not permit access thereto except by duly authorized representatives of the Company. Customer assumes responsibility and liability for damages and injuries caused by failure or malfunctions of Customer's equipment.

South Carolina Electric & Gas Company**Electric
(Page 4 of 8)****E. Special Equipment**

Where a separate transformer or other additional electrical utility standard equipment or capacity is to be used to eliminate fluctuations or other effects detrimental to the quality of service to other Customers due to welding or X-ray equipment, etc., the Company may make a reasonable charge for the transformer equipment and line capacity required. In lieu of the above, the Company may require the Customer to either discontinue the operation of the equipment causing the disturbance or install the necessary motor generator set or other apparatus to eliminate the disturbance detrimental to the service of other Customers.

F. Safe Access to Customer's Premises

The duly authorized representatives of the Company shall be permitted safe access to Customer's premises at any and all reasonable times to inspect, operate and maintain the Company's and the Customer's facilities and equipment for any and all purposes connected with the delivery of service, the determination of connected load or other data to be used for billing purposes, the determination of Customer load requirements or the exercise of any and all rights under the agreement.

G. Company's Installation and Service

Where the Customer's requested service to be supplied by the Company does not produce revenue sufficient to support the expenditure required, the Company will determine in each case the amount of payment and form thereof that shall be required of the Customer.

Electricity supplied by the Company shall not be electrically connected with any other source of electricity without reasonable written notice to the Company and agreement by the parties of such measures or conditions, if any, as may be required for reliability of both systems.

Service supplied by the Company shall not be resold or assigned by the Company to others on a metered or unmetered basis; nor shall the Customer's wiring be connected to adjacent or other premises not owned or operated by the Customer without specific written approval of the Company and of the Commission.

The Company's service facilities will be installed above ground on poles or fixtures; however, underground facilities will be provided when requested in accordance with the Company's appropriate underground service publications.

In Areas of Overhead Distribution: The Company will install and maintain an overhead service drop for loads up to 500 KVA from its overhead distribution system to the Customer's service connection provided the transformer can be placed in the proximity of the service point. For residential Customers, if specifically requested by the Customer, the Company will install and maintain a single phase underground service to any residence (terrain permitting) provided the Customer pays in advance the difference in cost between a new overhead service and the new underground service of equal current carrying capacity.

In Areas of Underground Distribution: The Company will install and maintain the necessary underground facilities to provide a point of service at the Customer's property line or at another location designated by the Company. For residential Customers, the Company will install and maintain a single-phase service to the service point as designated by Company, up to a maximum length of 125 feet. If the requested residential service to Company's designated service point exceeds 125 feet in length, the Customer will pay in advance the total additional cost for that portion in excess of 125 feet in length. For underground service other than residential, the Customer shall furnish, install and maintain necessary service conductors and conduit from their service equipment to the Company's designated point of service regardless of meter location.

South Carolina Electric & Gas Company**Electric
(Page 5 of 8)****H. Term of Contract**

The Term of Contract for service shall be for a term of one year with automatic renewal except as otherwise provided in the applicable Rate Schedule. Where a large or special investment in service facilities is necessary, or other special conditions exist, contracts may be written for (1) a longer term than specified in the Rate Schedule, or (2) a special guarantee of revenue, or (3) a facility charge, or (4) all of these conditions as may be required to safeguard the Company's investment.

I. Continuance of Service and Liability Therefore

The Company does not guarantee continuous service. Company shall use reasonable diligence at all times to provide uninterrupted service but shall not be liable for any loss, cost, damage or expense to any Customer occasioned by any failure to supply electricity according to the terms of the contract or by any interruption or reversal of the supply of electricity, if such failure, interruption or reversal is due to storm, lightning, fire, flood, drought, strike, or any cause beyond the control of the Company, or any cause except willful default or gross neglect on its part.

The Company reserves the right to curtail or temporarily interrupt Customer's service when it shall become necessary in order that repairs, replacement or changes may be made in the Company's facilities and equipment, either on or off Customer's premises.

The Company may impose reasonable restrictions on the use of service during peak periods of excessive demand or other difficulty, which jeopardizes the supply of service to any group of Customers.

The Company may waive any minimum charge or guarantee payments for service upon written notice from and request of Customer during such time as the Customer's plant may be completely closed down as a result of strike, lockout, government order, fire, flood, or other acts of God: provided however, that Customer specifically agrees that the term of the service contract shall be extended for a period equal to the period of enforced shutdown. (See Section VII, Force Majeure).

J. Denial or Discontinuance of Service

The Company may refuse or discontinue service and remove the property of the Company without liability to the Customer, or tenants or occupants of the premises served, for any loss, cost, damage or expense occasioned by such refusal, discontinuance or removal, including but not limited to, any of the following reasons:

1. In the event of a condition determined by the Company to be hazardous or dangerous.
2. In the event Customer's equipment is used in such a manner as to adversely affect the Company's service to others.
3. In the event of unauthorized or fraudulent use of Company's service.
4. Unauthorized adjustments or tampering with Company's equipment.
5. Customer's failure to fulfill his contractual obligations.
6. For failure of the Customer to permit the Company reasonable access to its equipment.
7. For nonpayment of bill for service rendered provided that the Company has made reasonable efforts to effect collection.
8. For failure of the Customer to provide the Company with a deposit.
9. For failure of the Customer to furnish permits, certificates, and rights-of-way, as necessary in obtaining service, or in the event such permissions are withdrawn or terminated.

South Carolina Electric & Gas Company**Electric
(Page 6 of 8)**

10. The Company shall not furnish its service to any applicant who at the time of such application is indebted to any member of his household is indebted under an undisputed bill for service, previously furnished such applicant or furnished any other member of the applicant's household or business.
11. The Company may terminate a Customer's service should the Customer be in arrears on an account for service at another premise. For the reason that the Customer's use of the utility service conflicts with, or violates orders, ordinances or laws of the State or any subdivision thereof, or of the Commission.
12. For failure of the Customer to comply with reasonable restrictions on the use of service. The Company may discontinue service without notice for reasons (1), (2), and (3) above. For the remainder of the reasons, the Customer shall be allowed a reasonable time in which to correct any discrepancy.
13. Failure of the Company to terminate or suspend service at any time after the occurrence of grounds therefore or to resort to any other legal remedy or to exercise any one or more of such alternative remedies, shall not waive or in any manner affect the Company's right to later resort to any or more of such rights or remedies on account of any such ground then existing or which may subsequently occur.

K. Reconnection Charge

Where the Company has discontinued service for reasons listed in Section III-J, the Customer is subject to a reconnection charge of \$25.00 in addition to any other charges due and payable to the Company. In cases where both electric and gas service are reconnected at the same time on the same premises for the same Customer, only one charge will be made.

Where the Customer interrupts or terminates service and subsequently requests reconnection of service at the same premises the reconnection charge will apply.

IV. BILLING AND PAYMENT TERMS**A. General**

The rates specified in the various service classifications are stated on a monthly basis. Unless extenuating circumstances prevent, the Company will read meters at regular monthly intervals and render bills accordingly. If for any reason a meter is not read, the Company may prepare an estimated bill based on the Customer's average use billed for the preceding 60 days or from other information as may be available. All such bills are to be paid in accordance with the standard payment terms, and are subject to adjustment on the basis of actual use of service as computed from the next reading taken by the Company's representative or for any circumstances known to have affected the quantity of service used. No more than one estimated bill shall be rendered within a 60-day period unless otherwise agreed to by the Customer or allowed by the Commission.

All billing errors shall be adjusted in accordance with the Commission's Rules and Regulations.

B. Customer's Obligations

The Customer is responsible for electricity furnished and for all charges under the agreement until the end of term thereof.

All bills shall be due and payable when rendered. Notice and collection of unpaid bills will be in accordance with the current Rules and Regulations of the Commission.

No Claim or demand which the Customer may have against the Company shall be set off or counterclaimed against the payment of any sum of money due the Company by the Customer for services rendered. All such sums shall be paid in accordance with the agreement regardless of any claim or demand.

South Carolina Electric & Gas Company**Electric
(Page 7 of 8)**

Should service be terminated, the Customer's deposit shall be applied to reduce or liquidate the account. Service may be restored upon payment of the account, in full, plus the late payment charge set forth below, the reconnection charge set forth above and a deposit as set forth below.

C. Late Payment Charge

A late payment charge of one and one half per cent (1 ½%) will be added to any balance remaining twenty-five (25) days after the billing date.

D. Deposit

A maximum deposit in an amount equal to an estimated two (2) months (60 days) bill for a new Customer or in an amount equal to the total actual bills of the highest two (2) consecutive months based on the experience of the preceding twelve (12) months or a portion of the year if on a seasonal basis may be required from the Customer as security for payment of the account before service is rendered or continued if any of the following conditions exist:

- (1) The Customer's past payment record to the Company shows delinquent payment practice;
- (2) A new Customer cannot furnish either a letter of good credit from a reliable source or any acceptable cosigner or guarantor on the Company's system to guarantee payment;
- (3) A Customer has no deposit and presently is delinquent in payments;
- (4) A Customer has had his service terminated for non-payment or fraudulent use. All deposits may be subject to review based on the actual experience of the Customer. The amount of the deposit may be adjusted upward or downward to reflect the actual billing experience and payment habits of the Customer.

E. Service Charge

The Company may make reasonable charges for work performed on or services rendered:

- 1) Upon Customer's request at the Customer's premises when, at the time the request is made, service and equipment provided by the Company is in good working condition and in compliance with these General Terms and Conditions, Specifications for Service and Meter Installations, existing provisions of the National Electric Code, the Regulations of the National Board of Fire Underwriters and such other regulations as may be promulgated from time to time by any municipal bureau or other governmental agency having jurisdiction over the Customer's installation or premises;
- 2) To repair, replace, remove or gain access to Company's facilities or equipment where such repair, replacement or removal is made necessary by the willful action(s) of the Customer, members of the Customer's household or invitees of the Customer; or
- 3) To repair, replace, remove or gain access to Company's facilities or equipment where such repair, replacement or removal is made necessary by the negligent failure of the Customer to take timely action to correct or to notify the Company or other responsible party to correct conditions which led to the needed repair, replacement or removal, except that such charges shall be apportioned between the Customer and the Company to the extent that the Customer shall only bear that part of the costs which reflect the costs added by the Customer's negligence. Such charges cannot be assessed where the damage is caused by an Act of God except to the extent that the Customer failed timely to mitigate the damages. Such charges may include labor, material and transportation.

South Carolina Electric & Gas Company**Electric
(Page 8 of 8)****V. COMPANY'S LIABILITY****A. General**

The Company shall not be in any way responsible or liable for damages to or injuries sustained by the Customer or others, or by the equipment of the Customer or others by reason of the condition or character of Customer's wiring and equipment, or the wiring and equipment of others on the Customer's premises. The Company will not be responsible for the use; care or handling of electricity delivered to the Customer after it passes the service point. The Customer assumes responsibility and liability for damages and injuries caused by failures or malfunctions of Customer's equipment.

VI. MEASUREMENT OF SERVICE**A. Meter Testing on Request of Customer**

The Customer may, at any time, upon reasonable notice, make written request of the Company to test the accuracy of the meter or meters in use for his service. No deposit or payments shall be required from the Customer for such meter test if said meter has been in service at least one year without testing at Company's expense; otherwise the Customer shall deposit the estimated cost of the test; said deposit shall not exceed \$15.00 without the approval of the Commission. The amount so deposited with Company shall be refunded or credited to the Customer, as a part of the settlement of the disputed account if the meter is found, when tested to register more than 2% fast or slow; otherwise the deposit shall be retained by the Company.

B. Adjustments for Inaccurate Meters

Where it is determined that the Company's meter is inaccurate or defective by more than 2% error in registration, bills shall be adjusted in accordance with the Commission Rules and Regulations.

VII. FORCE MAJEURE**A. General**

In the event Company is unable, wholly or in part, by reason of Force Majeure to carry out its obligations to provide service under its Rate Schedules or Contracts, the obligations of Company, so far as they are affected by such Force Majeure, shall be suspended during the continuance of any inability so caused but for no longer period and such cause shall, as far as possible, be remedied with all reasonable dispatch.

The term "Force Majeure" as employed herein shall include, but not be limited to acts of God, strikes, lockouts, or other industrial disturbances, acts of the public enemy, wars, blockades, insurrections, riots, epidemics, landslides, lightning, earthquakes, fires, extreme weather conditions, storms, floods, washouts, arrest and restraints of governments and people, civil disturbances, explosions, breakage or accident to machinery or lines, the maintaining or repairing or alteration of machinery, equipment, structures or lines (which maintaining, repairing or alteration shall, however, be carried out in such manner as to cause the smallest practicable curtailments or interruption of deliveries of electricity), freezing of lines, partial or complete curtailment of deliveries under Company's electric purchase contracts, inability to obtain rights-of-way or permits or materials, equipment or supplies, any of the above, which shall, by the exercise of due diligence and care such party is unable to prevent or overcome, and any cause other than those enumerated herein (whether of the kind enumerated herein or otherwise) not within the control of the person claiming suspension and which by the exercise of due diligence such party is unable to prevent or overcome. It is understood and agreed that the settlement of strikes or lockouts shall be entirely within the discretion of the persons affected, and that the above requirement that any Force Majeure shall be remedied with all reasonable dispatch shall not require the settlement of strikes or lockouts when such course is inadvisable in the discretion of the person affected thereby.

SOUTH CAROLINA ELECTRIC & GAS COMPANY

ELECTRICITY

RATE 23

INDUSTRIAL POWER SERVICE

AVAILABILITY

This rate is available to any customer classified in the major industrial group of manufacturing with 10-14 or 20-39 as the first two digits of the Standard Industrial Classification or 21 or 31-33 as the first two digits of the six digit North American Industry Classification System using the Company's standard service for power and light requirements and having a contract demand of 1,000 KW or over. It is not available for resale service.

CHARACTER OF SERVICE

Alternating Current, 60 hertz, three phase, metering at the delivery voltage which shall be standard to the Company's operation.

RATE PER MONTH

Demand Charge:

First 1,000 KW of Billing Demand	\$ 13,600.00
Excess over 1,000 KW of Billing Demand @	\$ 12.20 per KW

The billing demand (to the nearest whole KW) shall be the greatest of: (1) the maximum integrated fifteen minute demand measured (which may be on a rolling time interval) during the current month; or (2) eighty percent (80%) of the highest demand occurring during the billing months of June through September in the eleven preceding months; or (3) sixty (60%) of the highest demand occurring during the billing months of October through May in the eleven preceding months; or (4) the contract demand; or (5) 1,000 KW.

The customer shall maintain a power factor of as near unity as practicable. If the power factor of the customer's installation falls below 85%, the Company will adjust the billing demand to a basis of 85% power factor.

Plus Energy Charge:

All Kwhrs. @	\$ 0.04194 per Kwhr.
--------------	----------------------

DISCOUNT

A discount of \$0.60 per KW of billing demand will be allowed when the service is supplied at a delivery voltage of 46,000 volts or higher.

MINIMUM CHARGE

The monthly minimum charge is the demand as determined above. The Company may allow a buildup period not to exceed six months for new and expanding accounts during which time the contract demand and/or the minimum demand specified in the rate schedule may be waived. The Company shall not commit itself to a buildup period exceeding six months without prior approval of the Commission for the specific account involved.

ADJUSTMENT FOR FUEL AND VARIABLE ENVIRONMENTAL COSTS

Fuel cost of \$.03336 per Kwhr. are included in the energy charge and are subject to adjustment by order of the Public Service Commission of South Carolina.

STORM DAMAGE COMPONENT

The energy charges above include a storm damage component of \$.00008 per Kwhr. for accumulation of a storm damage reserve.

SALES AND FRANCHISE TAX

To the above will be added any applicable sales tax, franchise fee or business license tax which may be assessed by any state or local governmental body.

PAYMENT TERMS

All bills are net and payable when rendered.

SPECIAL PROVISIONS

The Company will furnish service in accordance with its standard specifications. Non-standard service will be furnished only when the customer pays the difference in costs between non-standard service and standard service or pays to the Company its normal monthly facility charge based on such difference in costs.

TERM OF CONTRACT

The contract terms will depend on the conditions of service. No contract shall be written for a period less than five (5) years. A separate contract shall be written for each meter at each location.

GENERAL TERMS AND CONDITIONS

The Company's General Terms and Conditions are incorporated by reference and a part of this rate schedule.

BEFORE
 THE PUBLIC SERVICE COMMISSION OF
 SOUTH CAROLINA
 DOCKET NO. 2009-37-E - ORDER NO. 2009-102
 FEBRUARY 26, 2009

IN RE: Application of South Carolina Electric & Gas Company for Approval of a Contract for Electric Service with Bridgestone/Firestone South Carolina Company)))))	ORDER APPROVING CONTRACT AND GRANTING CONFIDENTIAL TREATMENT
---------------------------------------------------------------------------------------------------------------------------------------------------------------	-----------------------	--------------------------------------------------------------------------

This matter comes before the Public Service Commission of South Carolina ("Commission") on the request, filed January 22, 2009, of South Carolina Electric & Gas Company ("SCE&G" or the "Company") for approval of a Contract for Electric Service ("Contract") between the Company and Bridgestone/Firestone South Carolina Company ("Bridgestone"). Pursuant to the Contract, SCE&G will provide electric service to Bridgestone for the operation of certain facilities owned and operated by Bridgestone located in Aiken, South Carolina. SCE&G now seeks approval of the Contract.

SCE&G also requests that the Commission find that the Contract contains highly confidential and sensitive information, which should be protected, and issue a protective order barring the disclosure of the Contract under the Freedom of Information Act, S.C. Code Ann. §§ 30-4-10 *et seq.*, S.C. Code Ann. Regs. 103-804(S)(1), or any other provision of law, except in redacted form. SCE&G states in its request that certain provisions of the Contract contain commercially sensitive and proprietary information. SCE&G also states that these facts, in light of the highly competitive nature of the

industry in which Bridgestone operates, support designating this document as confidential.

Based upon an examination of the Contract and SCE&G's request, we find the Contract to be fair and reasonable and hereby approve it as filed. Further, based upon SCE&G's assertions and the Commission's examination of the terms of the Contract, the Commission finds that the Contract contains commercially sensitive information and that the proprietary nature of certain provisions of the Contract coupled with the highly competitive nature of the industry in which Bridgestone operates support the designation of this document as confidential.

The South Carolina Freedom of Information Act ("FOIA") allows proprietary business information that meets the definition of "trade secrets" to be exempt from disclosure. S.C. Code Ann. Section 30-4-40(a)(1) states that matters which may be exempt from FOIA include: "(1) Trade secrets, which are defined as unpatented, secret, commercially valuable plans, appliances, formulas, or processes Trade secrets also include, for those public bodies who market services or products in competition with others, feasibility, planning, and marketing studies, and evaluations and other materials which contain references to potential customers, competitive information or evaluation." Further, pursuant to 26 S.C. Code Ann. Regs 103-804(S)(2), it is within the Commission's discretion to issue an order protecting a document from public disclosure.

Based upon a review of the information that SCE&G seeks to protect, we find that the information contained in the Contract falls within the definition of materials which may be exempted from disclosure under FOIA. Because of the potential harm to

SCE&G's and Bridgestone's business and practices, we find a protective order should be issued protecting the redacted information from public disclosure. Further, based upon SCE&G's assertions and the Commission's careful examination of the terms of the Contract, the Commission agrees with SCE&G and so finds that the Contract is highly confidential and commercially sensitive.

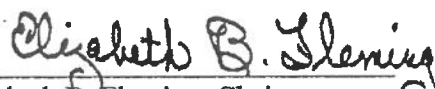

We approve the Contract and grant confidentiality as requested. It appears that approval of the Contract is in the public interest. The commercial sensitivity and proprietary nature of certain provisions of the Contract, as well as the highly competitive nature of the industry in which SCE&G and Bridgestone operate, dictates that the Contract in question be received in its original form under seal for Commission review and be kept confidential.

IT IS THEREFORE ORDERED THAT:

1. The Contract for Electric Service between South Carolina Electric & Gas Company and Bridgestone/Firestone South Carolina Company is fair and reasonable and is hereby approved.
2. The request of SCE&G for confidential treatment is granted. Accordingly, the Contract for Electric Service shall be declared confidential, shall be afforded confidential treatment, and shall be protected from public disclosure pursuant to the provisions of S.C. Code Ann. Section 30-4-40(a)(1), 26 S.C. Code Ann. Regs 103-804(S)(2) and other applicable law. A redacted version of the Contract will be made available for public review.

3. This Order shall remain in full force and effect until further Order of the Commission.

BY ORDER OF THE COMMISSION:

Elizabeth B. Fleming, Chairman

RE: South Carolina Electric & Gas Company
Request for Approval of First Amendment to Contract for Electric Service with
Bridgestone Americas Tire Operations, LLC (Aiken County Plant)
Docket No. 2009-37-E

Dear Ms. Boyd:

By Order No. 2009-102, dated February 26, 2009, issued in the above-referenced docket, the Public Service Commission of South Carolina ("Commission") approved a Contract for Electric Service ("Contract") between South Carolina Electric & Gas Company ("SCE&G" or "Company") and Bridgestone/Firestone South Carolina Company ("Bridgestone").¹ Under the Contract, SCE&G provides electric service to a Bridgestone manufacturing facility in Aiken, South Carolina.

In July 2011, Bridgestone announced its intent to expand its existing manufacturing facility in Aiken in order to increase its passenger and light truck tire production. In September 2011, Bridgestone made another announcement indicating its intent to expand its passenger and light tire production even further. According to Bridgestone, the expansion of its Aiken County Plant will create more than 300 new full-time and contractor jobs in Aiken County by 2015. Moreover, this expansion project, when coupled with the construction of Bridgestone's new off-road radial tire manufacturing facility, will constitute an investment in South Carolina of \$1.2 billion. By expanding its plant and increasing its tire manufacturing capability, Bridgestone will require additional electricity from SCE&G. As a result, SCE&G and Bridgestone modified the Contract by executing an amendment to the Contract effective January 30, 2012 ("First Amendment").

(Continued . . .)

¹ Bridgestone/Firestone South Carolina Company is now known as Bridgestone Americas Tire Operations, LLC

The Honorable Jocelyn G. Boyd
May 1, 2012
Page 2

Pursuant to 26 S.C. Code Ann. Regs. 103-303 (1976, as amended), SCE&G hereby files with the Commission and seeks approval of the First Amendment, with such approval to be made effective as of January 30, 2012, the effective date of the First Amendment. Under the First Amendment, SCE&G will continue to provide electric service to Bridgestone's facility. Additionally, the First Amendment extends the term of the Contract and increases the minimum contract demand. For electricity provided pursuant to the First Amendment, SCE&G will charge Bridgestone in accordance with the charges set forth in the Company's retail electric rate schedule entitled "Rate 23 – Industrial Power Service" as currently approved by the Commission along with an economic development credit. Thereafter, SCE&G will charge Bridgestone for electricity under Rate 23 – Industrial Power Service.

Due to the commercial sensitivity and proprietary nature of certain provisions of this First Amendment as well as the highly competitive nature of the industry in which Bridgestone operates, the Company and Bridgestone respectfully request that the Commission find that the First Amendment contains protected information and issue a protective order barring the disclosure of this First Amendment under the Freedom of Information Act, S.C. Code Ann. §§ 30-4-10 *et seq.*, 26 S.C. Code Ann. Regs. 103-804(S)(1), or any other provision of law. Pursuant to S.C. Code Ann. Regs. 103-804(S)(2), the determination of whether a document may be exempt from disclosure is within the Commission's discretion.

To this end, and in accordance with Commission Order No. 2005-226, dated May 6, 2005, in Docket No. 2005-83-A, we enclose with this letter a redacted version of the First Amendment that protects from disclosure the sensitive, proprietary and commercially valuable information, while making available for public viewing non-protected information. We also enclose a copy of the unredacted First Amendment in a separate, sealed envelope and respectfully request that, in the event that anyone should seek disclosure of this unredacted First Amendment, the Commission notify SCE&G of such request and provide it with an opportunity to obtain an order from this Commission or a court of competent jurisdiction protecting the First Amendment from disclosure.

Enclosed are the following:

- (1) A true and correct copy of the original First Amendment in a sealed envelope marked "CONFIDENTIAL." Each page of the First Amendment is also marked "CONFIDENTIAL."
- (2) Ten copies of a redacted copy of the First Amendment for filing and public disclosure.

(Continued . . .)

The Honorable Jocelyn G. Boyd
May 1, 2012
Page 3

By copy of this letter, we are providing the South Carolina Office of Regulatory Staff ("ORS") with a redacted copy of the First Amendment for its records. Additionally, SCE&G will make the original, unredacted copy of the First Amendment available to ORS for its review.

Thank you for your assistance and consideration of this matter. If you have any questions, please do not hesitate to contact us.

Very truly yours,

K. Chad Burgess

ORIGINAL

FIRST AMENDMENT TO
CONTRACT FOR ELECTRIC SERVICE
(CONTRACT # E3109001)

This original
to be returned
to SCE&G Company

This First Amendment to Contract for Electric Service ("First Amendment") is made and entered into effective as of January 30, 2012 ("Effective Date"), by and between South Carolina Electric & Gas Company (the "Company" or "SCE&G") and Bridgestone/Firestone South Carolina Company ("Customer").

RECITALS

A. Company and Customer entered into a Contract for Electric Service effective January 12, 2009 (the "Original Agreement") for the provision of electric utility service to its plant located at 1 Bridgestone Parkway, Graniteville SC 29829-3167 ("Premises").

B. The Original Agreement and this First Amendment are referred to herein jointly as the "Contract."

C. The Customer has decided to expand operations and increase load at the premises and the parties desire to modify the terms of their contractual relationship to recognize such change.

Now, therefore, for and in consideration of the mutual promises contained herein, the parties, intending to be legally bound, agree as follows:

AGREEMENT

The recitals set forth above are an integral part of this First Amendment. All defined terms used in this First Amendment shall have the same meaning as in the Original Agreement unless otherwise specified.

The Contract shall be modified to reflect the Customer's current name of Bridgestone Americas Tire Operations, LLC. Within ten (10) business days of its receipt of this fully executed First Amendment, the Company will update its systems to reflect this name change.

Customer has plans to expand operations at this location and is expected to create additional expansion load of approximately 7,428 kW.

The Initial Term on the Original Agreement, Page 1 of 4, will be extended to a period of ten (10) years beginning on the first day of the first Billing Month to receive the Economic Development Incentive Credit described below. The Contract Demand of 15,000 kW on Page 1 of 4 of the Original Agreement is deleted and replaced with a Contract Demand of 18,520 kW.

Expansion Load: The Expansion Load will be determined as the amount by which the monthly peak demand exceeds the corresponding monthly 2011 Peak Demand as specified in Attachment A to this First Amendment, when completed and presented by Company to Customer. That final Attachment A shall be incorporated herein.

All Expansion Load kW will be billed in accordance with Company's Industrial Power Service Rate 23 (IPS) in effect at the time of billing. In addition, the Customer will receive the Economic Development Incentive Credits below on all Expansion Load.

SC PUBLIC SERVICE
COMMISSION

CONFIDENTIAL

Regulatory Approval The Customer agrees to support the Company in its request to the Public Service Commission of South Carolina ("Commission") to protect the confidential information contained within the Contract. This Contract is subject to the approval of the Commission, and any and all provisions herein are subject to change by order(s) of the Commission and the Customer agrees to support the Company in its request to the Commission seeking approval of the Contract.

Confidentiality Company and Customer hereby agree to keep the terms of this Contract confidential. Neither party shall disclose directly or indirectly without the prior written consent of the other party the terms of this Contract to a third party except (i) in order to comply with any applicable law, order, regulation, or exchange rule; (ii) to the extent necessary for the enforcement of this Contract; or (iii) to its employees, lenders, counsel, accountants and other agents on a need-to-know basis for the analysis of business issues related to this Contract, provided such persons shall have agreed to keep such terms confidential. The existence of this Contract is not confidential.

Except as modified by this First Amendment, the Original Agreement is ratified and confirmed in all respects.

IN WITNESS WHEREOF, Company and Customer have executed this First Amendment effective as of the day and year first above written.
